

COVID- 19 UPDATE

Buenos Aires, July 24th, 2020

Dear Friends and Colleagues,

Once again, we hope that you and your families are keeping well and safe during these difficult times.

We would like to inform you that **Argentine Government has extended the total quarantine until August 2nd.**

The good news is that, though the quarantine is still in place, moving services will be again released during the weekends in Buenos Aires and some other regions starting on Monday July 27th.

Please do not hesitate to contact us to check our availability to perform services in other areas of the country.

Regarding Customs activities, Argentine Customs continues working partially and allowing us to release the import shipments that arrived during the quarantine and ship the export shipments that already have a green light.

Borders remain closed and international flights are still suspended till September.

As always, we are focusing on communication and doing our best to satisfy the shippers needs during this tough period. **We are in constant communication with both inbound and outbound transferees**, all of whom understand the situation caused by the worldwide Covid-19 virus.

We really hope this ends soon, in the meantime please STAY SAFE.

Sincerely,

Malena Larrambebera

Commercial Manager

Lift Van International
