

GUATEMALA

COVID-19

Intermud continues operating providing services to our customers and their employees; we are working under Government health measures and our contingency plan, taking all the necessary precautions for our employees, providers and customers.

Our Government has taken the following measures:

- Closure of public places as restaurants, schools, universities, malls, beaches, social activities (weddings, concerts, parties, etc.)
- Supermarkets, pharmacies, hospitals, gas stations, markets, small stores, banks facilities are open, taking Government health measures

Our team is working in shift and home office, operating in business hours as usual, following our Government health measures to avoid and prevent contagion.

- Mandatory quarantine for Guatemalans who come to the country
- Government has restricted foreigners to come to our country
- Borders have been closed for people (not for cargo shipments)

Our major priority continues being to protect our team and customers. We are informing our customers on how we are going to perform their service so they can feel protect and safe

- Airline flights are prohibited from/into our country (not for cargo shipments)
- Companies can operate, but taking Government restrictions and health measure
- Employees are working in shifts or home office

Even though customs are working, they are prioritizing pharmaceutical products, perishable food, food and humanitarian help.

Delays can be expected for HHG and personal effects shipments.

- Public transport have been cancelled, all companies that are working have to move their employees by they own transport
- Government facilities are open
- Limited physical interaction (no more than 10 people in a place)
- 15 days of quarantine (until March 31st ,stay at home if possible)
